### Activity ideas to remind us of the creation story

- Link the creation days with what was made on that day, you can do this on paper, or with balls and buckets or chalk on the floor outside. Get creative!
- Have a walk round your garden and try and write down as many things you can that God created. Try and get to 100!

### Craft ideas to remind us of the creation story

- Create a mobile of the days of creation. A cloud with the different days of creation coming from it.
- Try and make something that reminds you of each day of creation.

### Questions for you to chat about with your family

- 1) What is the best thing you've ever created?
- 2) What did you need to create it and make it great?
- 3) How does it make you feel that God created you?
- 4) What do you think God thinks about you?
- 5) How do you think we can tell others about God's creation?

### Prayer

This month pray we should pray for all the things that God has created. The beautiful things we see, the people around us and the things we are doing. Pray for one another as we head back to school.

**Challenge of the month!** Create a world with all the things that God created on it! This can be a big drawing, a model made of paper or cardboard or a model made of building blocks etc! Once you have done take a picture and send it to my email address! I look forward to seeing them!
